Why is phonics important to learn?

The English language seems like it is full of a lot of crazy pronunciations and spelling. While a small amount of English must be rote learned due to exceptions from rules, much of it can be decoded using phonics. When you know phonics, you are like a detective following clues to solve a mystery. In this series, we use only words that your little reader will be able to break down into standard phonemes. This will build reading confidence while strengthening their phonics foundation.

Is this the right level for my little reader?

If your reader can decode about 90% of the words in this book independently, this will be an appropriate platform to begin their study of phonics. By understanding a majority of the words, a reader can use context to decode new terms. If a reader breezes through, you might need to take them up another level. If this level is still a bit too tricky for them, get your reader to try some of the earlier levels first. Challenges can be good, but too much too quickly could overwhelm your reader. Take things slow and steady. Enjoy the books and the journey together!

How can I be a good learning buddy for my reader?

If you are helping somebody to read this book, there are plenty of ways that you can go about it. Do the initial exercises together before you begin to read so that you have both experienced the isolated sounds and discussed them. If the reader gets stuck, cover up all but the first phoneme in the word so that the sound can be isolated again. Slowly move along and reveal more phonemes. Once they can say each individual part of the word, you can focus on blending. Say the words so that they can hear them, and get them to repeat it out aloud several times. To consolidate knowledge after you finish a page, talk about what happened and what is in the picture. Then, try saying some of the words on the page and see if the reader can identify them. Get the reader doing this as well, saying words which you need to find. Above all, you should be patient. Create a safe place to make mistakes so that the reader is willing to give things a go.

Special Words

This book has some special words that you should take your reader through before you begin. Many special words are those that we use in day-to-day conversation. Unfortunately, a lot of their phonetic structures do not conform to rules that your reader has learned. These words can be frustrating and confusing, but they are also a part of natural reading, writing, and conversation.

Eloise, she, mermaid, go, there, the, they, no

Say each word to your reader a few times so that they can get used to its sound. Get them to repeat it back to you. Afterwards, see if your reader can think of any words that rhyme with this sound in order to help lock in how to pronounce it. Finally, think of some basic sentences that use this word. For example, if the word is 'the' you can create basic sentences with a subject, verb, and object: "The hat is on the table."

This is Eloise.
She may be a little girl but she is a
super swimmer.
She can swim all day.

First, Eloise swims in a tub with a
toy duck.

“Quack, quack, quack!” says Eloise.

Eloise is tired with a tub.
A tub is not very big.
Eloise thinks and thinks.

Yes, Eloise will go outside.

There is a little pool outside.
Eloise swims with a toy duck in the
little outside pool.

Hang on!

The toy duck is a real duck now.
Eloise and the real duck swim in the
little pool with a toy crocodile.

“Snap, snap, snap!” say Eloise and
the duck.

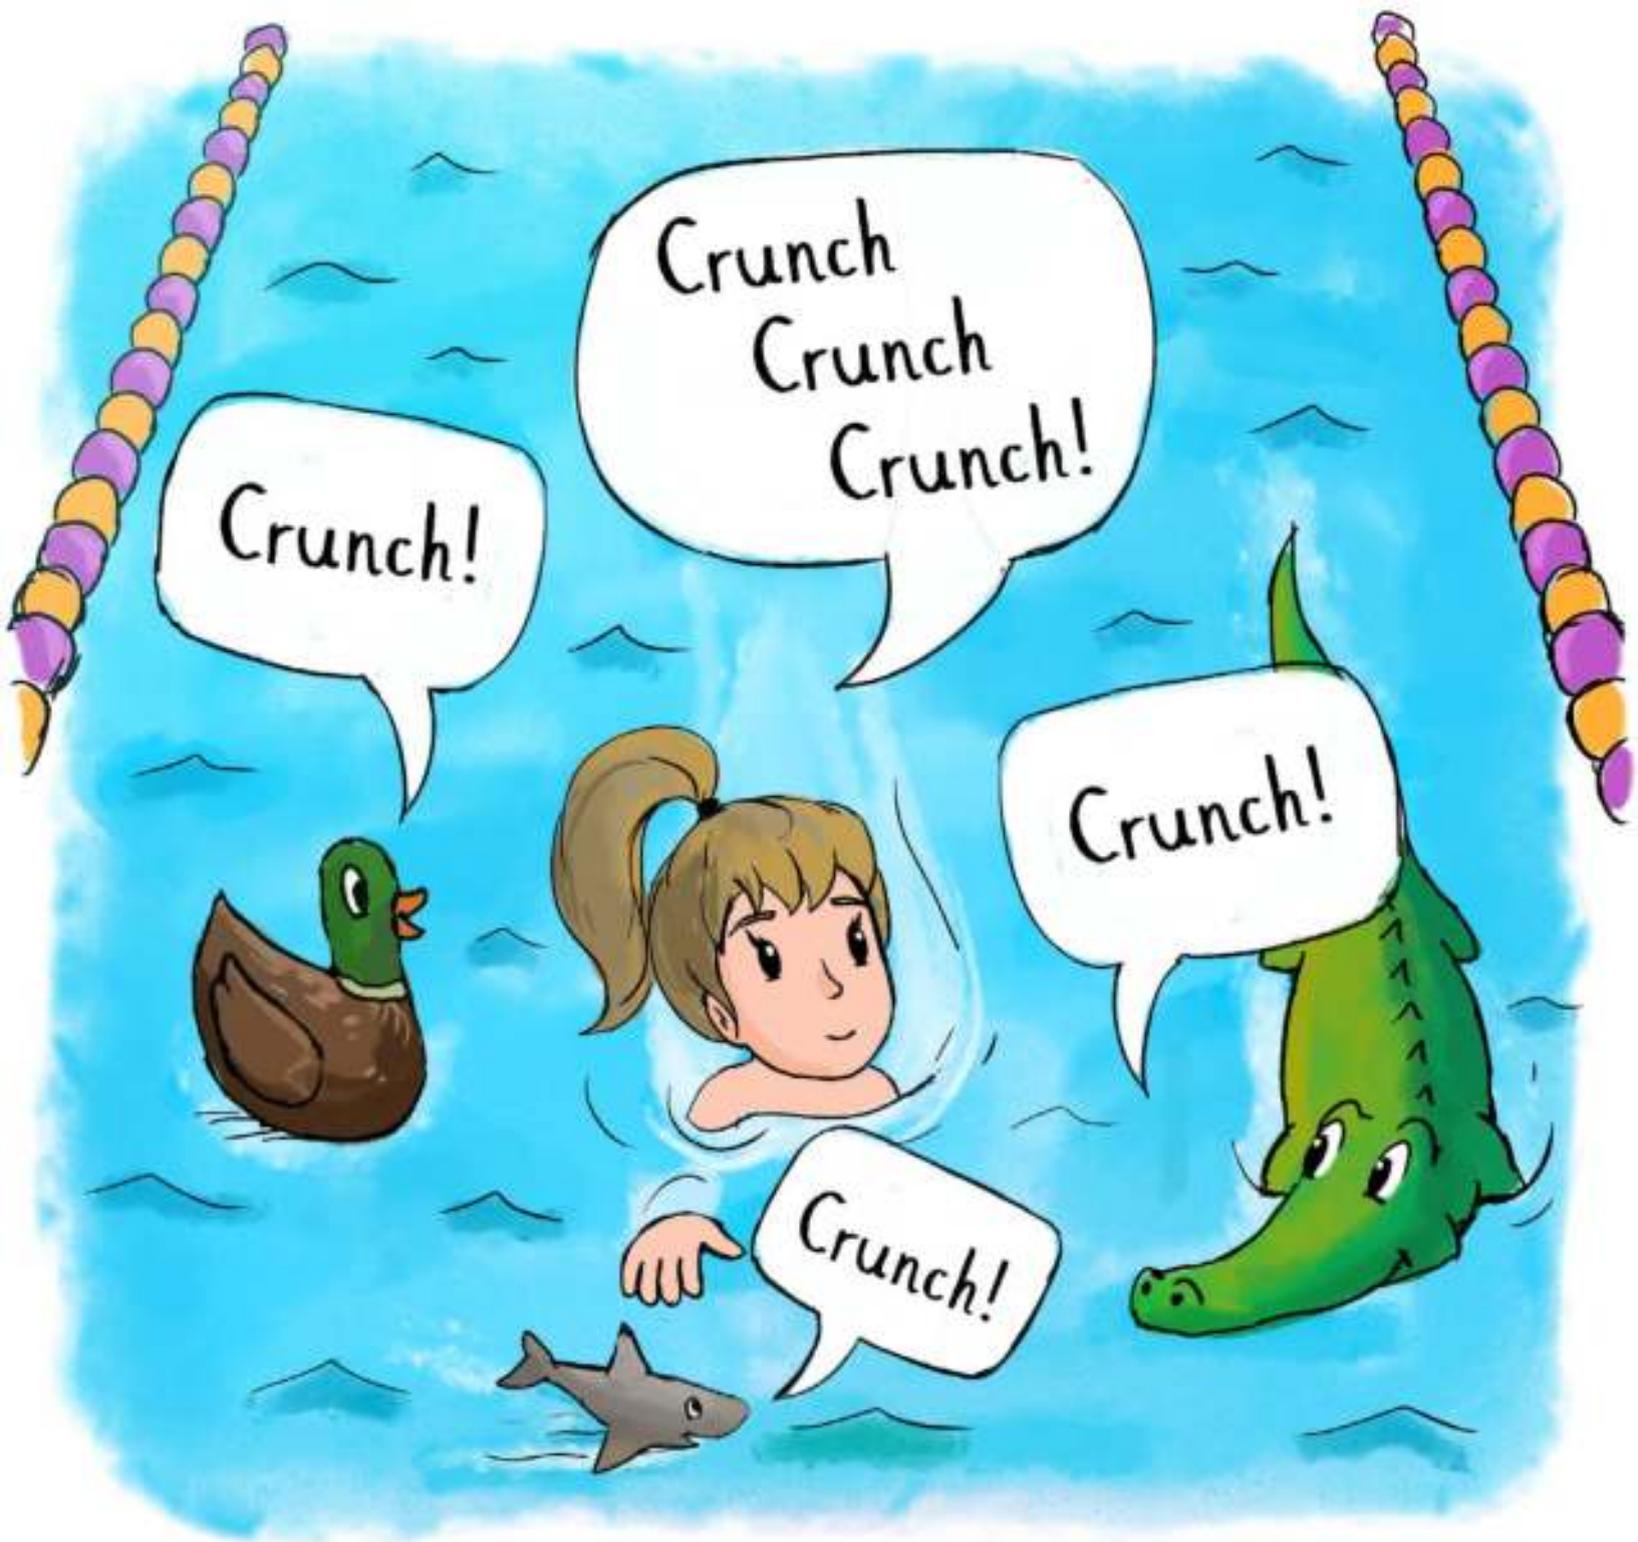

Eloise is tired with the little pool.

Eloise thinks and thinks.

Around the corner there is a big
inside pool.

Yes, Eloise will get in the big inside
pool.

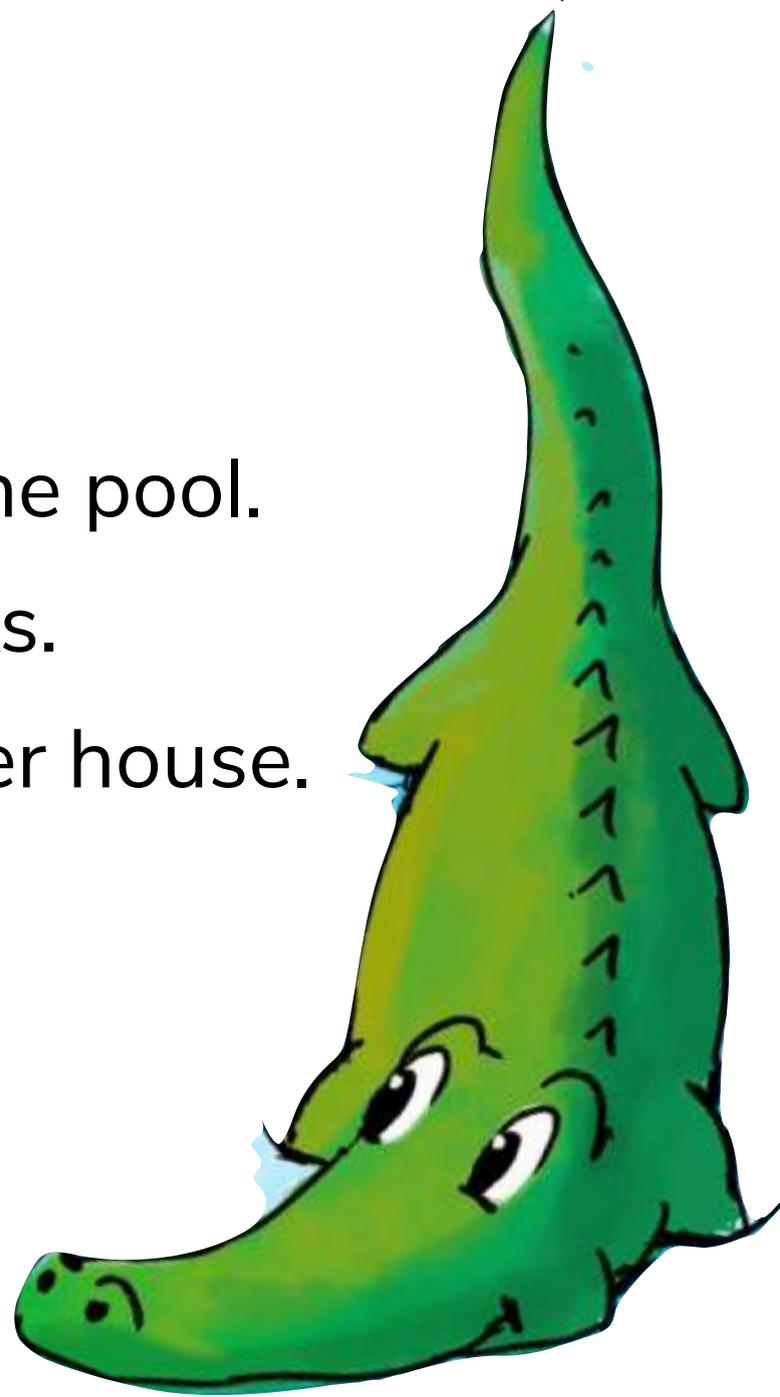

Eloise swims with the duck and the toy crocodile in the big inside pool.

Hang on! The toy crocodile is now a real crocodile. Eloise, the duck, and the crocodile swim in the big pool with a toy shark.

“Crunch, crunch, crunch!” say Eloise, the duck, and the crocodile.

Eloise is tired with the pool.
She thinks and thinks.
There is a river by her house.

Yes, Eloise will get
in the river.

Eloise gets in the river with the duck,
the crocodile, and the shark.

The new pals swim down the river.

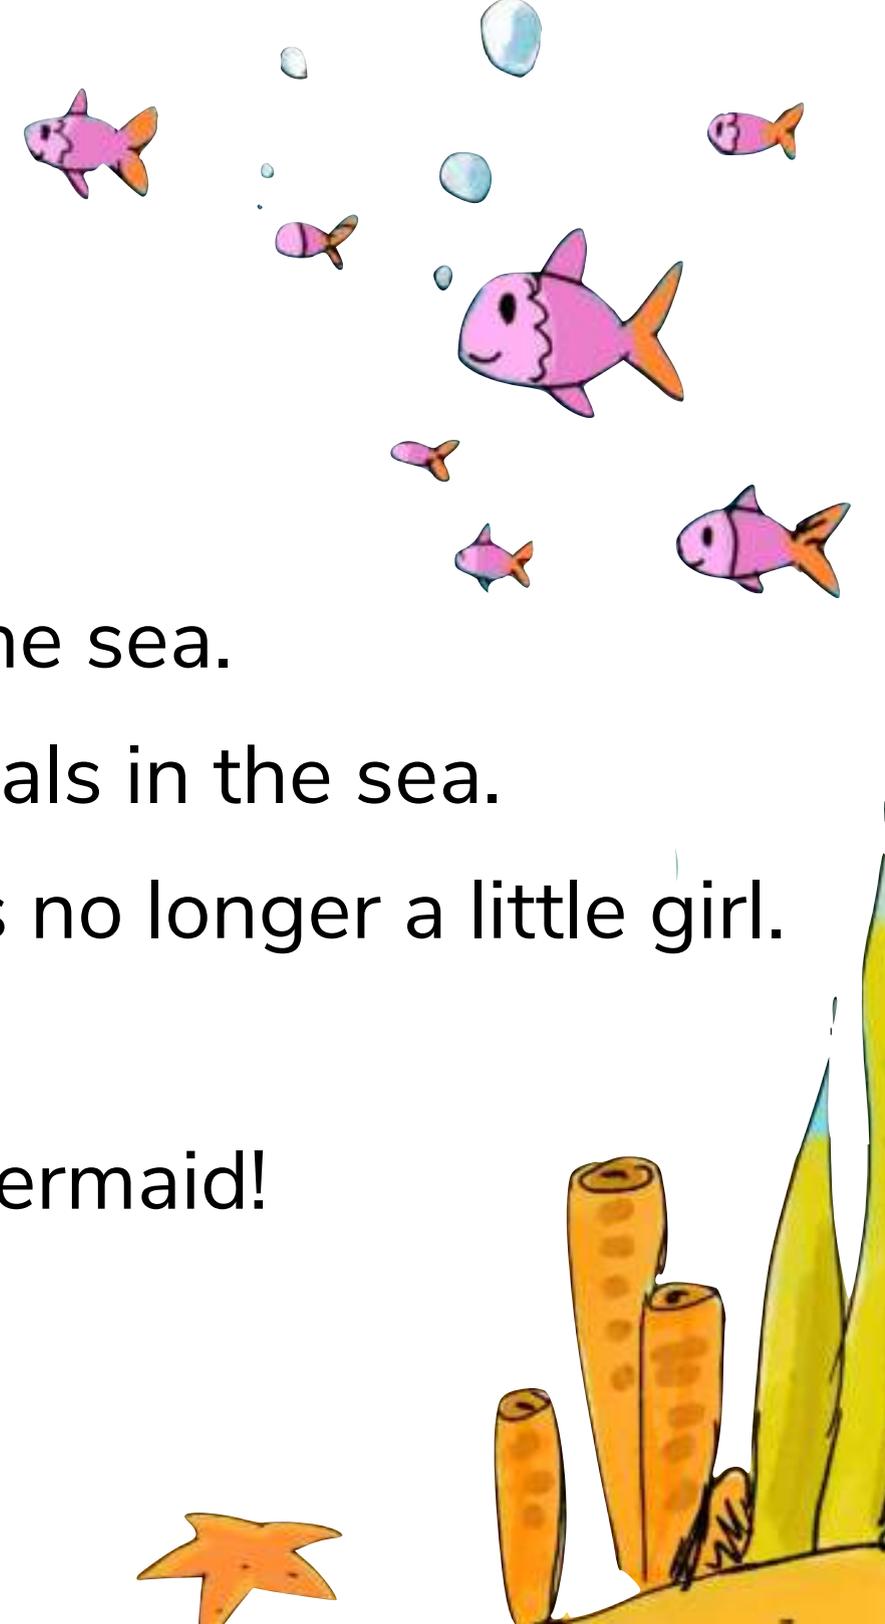

The river gets bigger and bigger.

Eloise looks down.

Her legs are blue and they are stuck
together.

Eloise is now in the sea.
She can see animals in the sea.
Hang on! Eloise is no longer a little girl.
Eloise is now a mermaid!
