Susheela lives in Tamil Nadu.
She learnt to draw kolams from her mother.
Every Pongal, she was allowed to make one kolam all by herself.
Susheela loved to make kolams!
She drew them on floors and steps and walls...
... on trains and on the sides of tall buildings...
... even on kites that skipped in the sky.
Everyone admired Susheela's kolams!
One day, the Air Force asked her to help them make a kolam! Susheela told the pilots how to dip, dive and turn their planes...
... and in minutes there was a big, beautiful and colourful kolam in the sky, that everyone in the city could see!
That night, Susheela stood on her terrace and looked up at the sky. She saw the stars twinkling down at her. Where do you think Susheela will make her next kolam?
Know more about Kolams...

Kolams are beautiful patterns made freehand or by joining dots. People decorate the outside of their homes with kolams to welcome a new day. They are also thought to bring good luck. Traditionally, the powder used to make kolams is made out of rice flour.

Kolams are also known as Moggu, Rangoli, Chowkpurna, Alpana and Hase Chittara. What do you call a kolam in your part of the country?
Susheela's Kolams
(English)

You must have seen kolams on doorsteps at home and even in school, but have you ever seen a kolam in the sky? Read on to find out how Susheela made that!

This is a Level 1 book for children who are eager to begin reading.

Pratham Books goes digital to weave a whole new chapter in the realm of multilingual children's stories. Knitting together children, authors, illustrators and publishers. Folding in teachers, and translators. To create a rich fabric of openly licensed multilingual stories for the children of India and the world. Our unique online platform, StoryWeaver, is a playground where children, parents, teachers and librarians can get creative. Come, start weaving today, and help us get a book in every child's hand!
