Animal Homes

Author: Ashwitha Jayakumar
Illustrator: Nafisa Crishna
Animals live all around us.
Birds build their homes up high.

And so do bees.
Spiders spin their homes.

Tiny termites build tall, tall homes.
Snails and tortoises grow homes on their backs.
Fish live in the water.

Frogs can live in water and on land.
Rabbits and rats live in burrows under the ground.
Monkeys and apes make trees their homes.
Bears and wolves live in dens.
Crocodiles live in swamps.
Deer live in forests.

And so do tigers!
Some animals live close to us and some live far away.

But do you know what we have in common with all the animals of the world?

We all build our homes in one large home: **planet Earth!**

Animal Homes
(English)

Tall homes, tree homes, hanging homes, underground homes—visit different homes of animals, birds and insects all around you.

This is a Level 1 book for children who are eager to begin reading.

Pratham Books goes digital to weave a whole new chapter in the realm of multilingual children's stories. Knitting together children, authors, illustrators and publishers. Folding in teachers, and translators. To create a rich fabric of openly licensed multilingual stories for the children of India and the world. Our unique online platform, StoryWeaver, is a playground where children, parents, teachers and librarians can get creative. Come, start weaving today, and help us get a book in every child's hand!
